ANSI Standard Manufacturer

INTRODUCING TRI-DRIVE®

In 1985 Avanti Screw became the first in America and the world to offer the "Combo" (slotted and phillips in one head) to the distribution field. In 1994, Avanti Screw again led America and the world with its first full line of tapping and machine screws featuring the new Tri-Drive® that combines a slotted, phillips and square drive in one head.

Self - Drilling Screws
